

Zucchini

ZUCCHINI: COURGETTE ANY BETTER

English Language Arts

PICK a good book

Consider exploring zucchini/squash themed books*:

'Zora's Zucchini'
by Katherine Pryor

'Carlos and the Squash Plant'
by Jan Romero Stevens

'Sophie's Squash'
by Pat Zietlow Miller

Selling **SQUASH**

Georgia Standard ELAGSE2W2: **2nd Grade**

Students write an article for a magazine/online publication. The article should include:

- ✓ A description of zucchini
- ✓ Inspiration for readers to eat zucchini
- ✓ Two ideas for how to prepare zucchini

Physical Education

Students learn about how squash is played. Discuss how many players, what equipment is needed, etc.

What's a zucchini's favorite sport?
Squash!

Zucchini

Math

Survey the **SQUASH**

Georgia Standard MGSE1.MD.1: **1st Grade**

Georgia Standard MGSE2.MD.1: **2nd Grade**

Obtain various sized zucchini/summer squash. Have students compare the lengths of the zucchini. Have students measure the zucchini using appropriate tools (measuring tape, ruler, string, scale, etc.) and record measurements. Measure the length, width, diameter, circumference, radius and weight. Compare and identify difference in length of each zucchini.

Science

Smarty **PLANTS**

Georgia Standard S1L1: **1st Grade**

Discuss parts of a fruit and vegetable plant: seed, flower, fruit, stem, leaf, root. Note that not all plants or plant parts are edible. Zucchini is the fruit of the plant. Fruits grow from flowers and protect and hold the seeds. Focus on discussion questions such as:

- ✔ How many plant parts does the zucchini plant have?
- ✔ Can you identify the parts of the zucchini plant?
- ✔ How do you think the plant is harvested?
- ✔ What type of needs does a zucchini plant have (air, water, soil, light, etc.)?

Are you hungry for more food based learning opportunities?

Resources found here provide additional examples of ways to connect the classroom and cafeteria food based learning experiences: <http://snp.wpgadoe.org/food: based: learning/>
